The retirement of the Germans on parts of the northern front continues, but these manoeuvres as yet lack defision in the capture of Noyon.

parts of the northern front continues, but these manoeuvres as yet lack definite explanation. Following closely upon the evacuation of front line positions north of Albert, which were taken over by the British, has come another resumed.

Prench and Canadian troops Priday night between Goyencourt and Laucourt, on a front of about three miles, had fought their way west of Roye until they virtually were knocking at the door of the town, which is one of the keystone possitions of the German defense in Picardy, while to the imdefense in Picardy whil mediate north British troops lighting alone were atill in possession of Dalmery and Parvillers following heavy counter-attacks made by the Germans to dislodge them. West of Roye the affied line is now only a scant mile and a quarter distant.

Adding materially to the danger of Roye by direct assault on the part of the French and Canadians at its is concerned. The American aviators

the French and Canadians at its is concerned. The American aviators are busily engaged in bombing operations behind the German lines especially an advance five miles to the south which seemingly lays the fown open to a turning movement from the Loges wood, which has been penetred dearly all of the areas behind the line to harass the Germans. trated deeply. Not alone, however, is. On the other battle fronts little fight-loge menaced by this latter advance, ing of moment is taking place, al-but debouching from the woods south-though the Italians have been forced eastward the Prench are in a position to sustain several counter-attacks by to outflank Lansigny and, with the the Austrians in the Tonale region.

ENEMY COMMUNICATIONS ENCOURAGES THE ENEMY

Rerlin via London.
